 *** Tuition per month is evenly divided between 11 months, beginning in August of 2022, and ending in June of 2023.
 If choosing the monthly option, please remember that tuition has no relation to a monthly amount of class. It is simply the annual tuition divided into 11 installments.
 Regular payments of tuition are necessary for paying things such as teacher salaries and the rental of the school property. Thank you!
 Parents of part-time students who wish to pay per class/week may work out an alternative schedule as needed.

Payment Options	
Per Year	5% discount when paying full amount prior to August 15th, 2022. Parents will receive a 2% discount if paying per semester, if paid in full by Jan. 1st, 2023.
Per Month (Evenly Distributed)*	Tuition Amount Divided by 11. Choosing this option is a commitment to a school year, and monthly tuition amount may not reflect the number of classes each month.
Per Session	Students may pay per class attended. This is a slightly more expensive option than paying per month, but may be helpful to those who need flexibility.

*For "per month" amounts, you may choose to pay in full on the 1st of the month, OR, split your monthly amount in half. One half on the first, and one half on the 15th.
 Please ensure tuition is received by the school when needed, so we can continue to avoid "late" penalties, and/or more informal methods of tuition collection.
 Payment Methods: Zelle is the preferred method. This directly sends funds from one bank account to another. Paypal, Venmo, or CashApp are the next option. Friends/Family (no business fee) please!
